

Open Rank Faculty Positions
Department of Industrial Management
National Taiwan University of Science and Technology

The Department of Industrial Management at the National Taiwan University of Science and Technology (Taiwan Tech) invites applications for several tenured/tenure-track and non-tenure-track faculty positions. The Department is the top Industrial Management program in Taiwan. It offers BBA, MBA, and PhD degrees in Industrial Management, and currently has an undergraduate enrollment of about 250 and a graduate enrollment of about 200. Further information about the Department can be found at www.im.ntust.edu.tw.

The level of appointment will be commensurate with the qualification of the applicant. Candidates are sought with interests that complement and expand upon current research and teaching activities in the Department. Research areas of interest include, but are not limited to:

- operations research
- production management
- ergonomics
- information technology
- intelligent operations
- advanced manufacturing
- global logistics management
- service management

Applicants with expertise in analytics, data science, or artificial intelligence are particularly encouraged to apply. Successful applicants are required to have an earned PhD in Industrial Engineering, Industrial Management, Computer Science, Management Information System, Information Technology or a related field. They are expected to develop and maintain a strong research program, to teach courses in English at both the undergraduate and graduate levels, and to provide service to the University and broader community.

For fullest consideration, applications must be received by February 15, 2019. Applications will be accepted until the positions are filled.

Expected starting date is August 1, 2019.

Applicants are required to submit the following to Prof. Vincent F. Yu at vincent@mail.ntust.edu.tw.

- application (download from <https://bit.ly/2QHiwR2>)
- curriculum vitae with a full publication list
- statement of research and teaching clearly indicating research area(s) and courses to offer
- diplomas and transcripts for post-secondary degrees
- two recommendation letters
